IMPORTANT INFORMATION

CAUTION

Never carry explosives or volatile inflammable fluids in a car where radio equipment is installed.

Make sure the "Radio On Switch" and "Car Ignition Switch" are "Off" before refuelling the car. Gasoline vapor could be ignited by a spark from the relay or switch contacts of the Radio Equipment.

LICENCE

A radio licence from Communications Canada is required to authorize the operation of each mobile telephone unit. Annual licence fees are due on April 1 and the licence year ends on March 31 the following year. All licences must be posted in a conspicuous place in the office or vehicle.

INSPECTION

The radio equipment and licence must be made available for inspection upon request by representatives of Communications Canada.

LANGUAGE

It is unlawful to transmit any obscene, indecent or profane language.

YOU SHARE THE CHANNEL

The telephone channel that you use is a "Party Line" and therefore it is important that you do not interfere with a call in progress by improper use of your mobile.

PRIVACY

It is unlawful to "listen in" on conversations intended for others and divulge any information thereby obtained.

EMERGENCY CALLS

Emergency calls are given priority over all other messages. You have the right to interrupt a call in progress in order to report an accident or other emergency involving safety to life or property. If you are asked to disconnect, please do so immediately.

REMEMBER SECONDS MAY SAVE A LIFE!
